

*Ambassador of Ukraine
Washington, D. C.*

April 12, 2012

Dear Tatyana,

I would like to thank you and "Fermata Arts Foundation" for your support and hospitality during my recent trip to Connecticut on March 21-22.

My visit was very fruitful and I hope that it will result in new mutually beneficial projects and initiatives. First of all, we are looking forward to establishment and development of relations between Zhitomir region of Ukraine and Connecticut. I am confident that these two regions have great potential for cooperation in economic, cultural and humanitarian spheres.

Availing of this opportunity, I am pleased to thank you once again for your valuable contribution into popularization of Ukrainian culture and development of Ukraine-US cooperation.

I wish you all further success in your very important work and hope to continue successful cooperation between Embassy of Ukraine in the United States and "Fermata Arts Foundation".

Best regards,

Olexander Motsyk
